

December 12, 2019

Hon. Deborah Glick
New York State Assemblymember
LOB 717
Albany, NY 12248

Dear Assemblymember Glick,

We urge immediate action to convene a vote to reject the recommendations of the Public Finance Campaign Commission. Without action, major changes will take effect that will compromise and subvert vital democratic principles in the electoral process. First and foremost, it is inappropriate, improper, and unconstitutional to enact laws that govern who can run for office or how they run by a vote of a few unelected officials appointed in a self-serving manner. The legislature should enact campaign finance reform in a proper fashion.

Sincerely,

Village Independent Democrats
